

Sketch the graphs

$$\textcircled{1} \quad y = 2|x-3| + 1$$

$$\textcircled{2} \quad y = \begin{cases} |x|, & x \geq -2 \\ x+4, & x < -2 \end{cases}$$

$$\textcircled{3} \quad y = \lfloor \lfloor x-1 \rfloor \rfloor + 2$$

$$\textcircled{4} \quad y = \lfloor \lfloor 2x \rfloor \rfloor$$

$$\textcircled{5} \quad y = \begin{cases} e^x, & x > 0 \\ 1, & x \leq 0 \end{cases}$$
